The Society keeps an eye on the wellbeing of Queenborough in general and supports Queenborough in bloom by cleaning the memorial.

Graham Mason is watching Peel Ports proposals as there is no Sheerness society.

Yellow lines will be implemented at the North Road / Stanley Road junction – after letter from society (but might not be directly related).

The only item to be resolved is the Queenborough Charity where the postmaster is the sticking point despite Mavis' and Ted's best efforts.

Thanks to all who have attended and to all the committee members (especially Lin Vine) for their continued support.
